ABOUT CORESAFE SYSTEMS LTD

Protecting Lives, Property & Assets Through Smart Security Solutions.

Coresafe Systems Ltd is a leading provider of CCTV & Surveillance systems and installation services in Kenya. We design, supply, install and maintain reliable, high-performance security solutions that help businesses, institutions and homeowners monitor, detect and respond to security threats in real time.

With a commitment to quality, innovation and customer satisfaction, we leverage advanced technology and industry best practices to deliver tailored solutions that ensure safety, operational efficiency and peace of mind.

As part of our integrated safety solutions, our CCTV & Surveillance services are seamlessly aligned with our fire alarm and suppression systems—giving you comprehensive protection under one trusted partner.

OUR MISSION

To provide innovative, reliable and cost-effective CCTV & Surveillance solutions that enhance safety and security for our clients.

OUR VISION

To be the most trusted and preferred provider of security solutions in East Africa.

OUR VALUES

- Integrity
- Reliability
- Innovation
- Customer Focus
- Excellence

EXPERIENCE

Years of hands-on experience in delivering quality security solutions across various sectors.

QUALITY

We use industry-leading brands and technology to ensure superior performance and reliability.

EXPERT TEAM

Our skilled professionals are dedicated to designing and implementing solutions that fit your unique needs.

CUSTOMER COMMITMENT

We are committed to building long-term relationships through excellent service and support.

CCTV ACCESSORIES & COMPONENTS

High quality accessories and components that ensure reliable performance, easy installation and long-term system stability.

POWER ADAPTERS

Reliable 12V DC power adapters for cameras and accessories.

BNC & POWER CABLES

High quality CCTV cables for video, power and data transmission.

CONNECTORS

BNC, DC, RJ45 and other connectors for secure and stable connections.

HARD DISKS

Surveillance grade hard drives built for 24/7 video recording.

HDMI CABLES

High speed HDMI cables for video output from DVRs/NVRs.

JUNCTION BOXES

Weatherproof junction boxes for safe cable connections.

MOUNTS & BRACKETS

Durable mounts and brackets for all types of CCTV cameras.

RACKS & CABINETS

Strong and secure racks to organize and protect your equipment.

POWER SUPPLIES

CCTV SMPS power supplies for multiple camera setups.

VIDEO BALUNS

Passive video baluns for video transmission over UTP cable.

RJ45 CONNECTORS

High performance RJ45 connectors for network installations.

NETWORK SWITCHES

POE and non-POE switches for stable network connectivity.

SURGE PROTECTORS

Protect your equipment from power surges and voltage spikes.

CABLE MANAGEMENT

Cable ties, clips, trunking and sleeves for neat installations.

CLEANING ACCESSORIES

Lens cleaning kits to keep cameras and optics in perfect condition.

CCTV INSTALLATION SERVICES

PROFESSIONAL INSTALLATION. MAXIMUM PROTECTION.

At Coresafe System Limited, we deliver end-to-end CCTV installation services tailored to your security needs. Our expert team ensures every system is installed for optimal performance, reliability and peace of mind.

OUR CCTV INSTALLATION SERVICES INCLUDE:

SITE SURVEY & CONSULTATION

We assess your property and recommend the best CCTV solution for complete coverage.

SYSTEM DESIGN & PLANNING

Customized system layouts for optimal camera placement, coverage and performance.

PROFESSIONAL INSTALLATION

Neat, secure and standards-compliant installation by our certified technicians.

CONFIGURATION & TESTING

We configure your system, test all components and ensure everything works perfectly.

USER TRAINING & HANDOVER

We train you on how to use your system and provide full documentation.

AFTER-SALES SUPPORT

Ongoing support, maintenance and system upgrades to keep you protected.

OUR INSTALLATION PROCESS

01

ASSESS

We evaluate your premises and identify key surveillance areas.

02

PLAN

We design a system tailored to your security needs and budget.

03

INSTALL

Our certified technicians install your system with precision and care.

04

CONFIGURE

We configure, connect and optimize your system for reliable operation.

05

TEST & VERIFY

We test all cameras and components to ensure everything is working perfectly.

06

TRAIN & SUPPORT

We train you and remain available for ongoing support whenever you need us.
