ABOUT CORESAFE SYSTEM LTD.

Coresafe System Limited is a leading provider of comprehensive fire safety solutions in Kenya. We specialize in the supply, installation, testing and maintenance of state-of-the-art fire detection, alarm and suppression systems for commercial, industrial and residential facilities.

Our mission is to protect lives, property and assets through innovative technology, quality workmanship and reliable service. With a team of highly skilled professionals and industry-approved products, we deliver solutions that meet international standards and local fire safety regulations.

> "PROTECTING LIVES, PROPERTY & ASSETS THROUGH INNOVATIVE FIRE SAFETY SOLUTIONS."

OUR CORE SERVICES

01 FIRE DÉTECTION AND ALARM SYSTEMS

02 FIRE SUPPRESSION SYSTEMS

03 FIRE HYDRANT & HOSE REEL SYSTEMS

04 FIRE SPRINKLER SYSTEMS

05 FIRE PUMP SYSTEMS

06 KITCHEN FIRE SUPPRESSION SYSTEMS

07 EMERGENCY & LIFE SAFETY SYSTEMS

08 FIRE SAFETY INSPECTION & MAINTENANCE

09 FIRE RISK ASSESSMENT

OUR COMMITMENT

We are committed to delivering reliable, high-quality fire safety solutions that ensure compliance, enhance preparedness and provide peace of mind. Your safety is our priority—always.

WHY CORESAFE?

CORESAFE SYSTEM LIMITED
Value it! Protect it!

Your trusted fire protection partner.

At Coresafe System Limited, we go beyond products – we deliver safety, reliability and peace of mind.

01 QUALITY YOU CAN RELY ON

We supply only certified, high-quality fire protection products that meet international standards for maximum reliability.

02 EXPERTISE & EXPERIENCE

Our team of highly trained professionals brings years of industry experience to design, install and maintain effective fire safety solutions.

03 COMPREHENSIVE SOLUTIONS

From fire alarms to suppression systems, we offer end-to-end fire protection solutions tailored to your needs.

04 COMPLIANCE & SAFETY ASSURANCE

We ensure all systems comply with local and international fire safety regulations, keeping you protected and inspection-ready.

05 CUSTOMER FOCUSED APPROACH

We listen, understand and deliver solutions that fit your unique requirements with unmatched professionalism.

06 RELIABLE AFTER-SALES SUPPORT

We are always ready to support you with maintenance, servicing and technical assistance when you need it most.

07 VALUE THAT PROTECTS

We offer competitive pricing without compromising on quality – delivering the best value for your safety investment.

OUR PROMISE TO YOU

We are committed to protecting what matters most – your people, property and peace of mind.

OUR FIRE PROTECTION SOLUTIONS

COMPLETE FIRE SAFETY SOLUTIONS

We offer end-to-end fire safety solutions designed to protect lives, property and businesses. Our systems are reliable, compliant and tailored to your needs.

CORESAFE SYSTEM LIMITED

Value it! Protect it!

FIRE ALARM SYSTEMS

Conventional & Addressable fire detection systems for early warning and maximum protection.

FIRE SPRINKLER SYSTEMS

Automatic sprinkler systems for fast fire control and suppression in all environments.

FIRE SUPPRESSION SYSTEMS

Advanced gas, foam, water mist and special suppression systems for critical and high-risk areas.

FIRE EXTINGUISHERS & EQUIPMENT

Wide range of certified fire extinguishers and fire fighting equipment for all classes of fire.

FIRE HOSE REEL SYSTEMS

Reliable hose reel systems for quick response and efficient fire control.

FIRE PUMP SYSTEMS

High performance fire pumps ensuring consistent water supply and pressure when needed most.

EMERGENCY LIGHTING & EXIT SIGNS

Ensure safe evacuation with reliable emergency lighting and clearly visible exit signage.

INSTALLATION, INSPECTION & MAINTENANCE

Professional installation, testing, inspection and maintenance for all fire protection systems.

ADDITIONAL SOLUTIONS

- Fire Risk Assessment & Consultation
- Fire Safety Training & Drills
- System Upgrades & Retrofits
- 24/7 Emergency Support
- Genuine Spares & Accessories
- Compliance to Local & International Standards

KEBS KENYA BUREAU OF STANDARDS · ISO 9001:2015 · NFPA

CORESAFE SYSTEM LIMITED
Value it! Protect it!

FIRE DETECTION & ALARM SYSTEMS

Lifesaving Technology for a Safer Tomorrow

We design, supply, install and maintain advanced fire detection and alarm systems that identify fire risks early and trigger instant alerts, helping to protect lives, property and business continuity.

INDUSTRIES WE SERVE:

- Commercial Buildings
- Hospitals & Healthcare
- Manufacturing Industries
- Warehouses & Logistics
- Schools & Educational Institutions
- Retail & Shopping Malls
- Hotels & Hospitality
- Residential Buildings

OUR SYSTEM TYPES:

Conventional Fire Alarm Systems
Cost-effective protection for smaller and medium-sized facilities.

Addressable Fire Alarm Systems
Precise location, intelligent monitoring.

Wireless Fire Alarm Systems
Flexible, reliable and easy to install.

Integrated Fire Detection Solutions
Alarm, control and life safety integration.

- EARLY FIRE DETECTION
- INSTANT ALERTS
- LIFE & PROPERTY PROTECTION
- COMPLIANCE WITH FIRE SAFETY STANDARDS

CORESAFE SYSTEM LIMITED
Value it! Protect it!

FIRE ALARM CONTROL PANELS & INDICATING EQUIPMENT & ACCESSORIES

INTELLIGENT SYSTEMS. INSTANT ALERTS. MAXIMUM PROTECTION.

Coresafe offers a complete range of intelligent fire alarm control panels, indicating equipment and accessories designed to provide early detection, precise monitoring and reliable response in all types of environments.

Reliable Performance
Advanced technology for accurate detection and fewer false alarms

Easy Operation
User-friendly interface for simple monitoring and control

Scalable Solutions
Suitable for small buildings to large complex facilities

Easy Integration
Seamless compatibility with detectors, modules and building systems

FIRE ALARM CONTROL PANELS

CONVENTIONAL FIRE ALARM PANELS
- Cost-effective solution
- Easy to install and operate
- Ideal for small to medium buildings

ADDRESSABLE FIRE ALARM PANELS
- Precise device identification
- Flexible and scalable
- Advanced diagnostics and event logging

NETWORKABLE FIRE ALARM PANELS
- Multi-panel networking
- Centralized monitoring
- Ideal for large and multi-block facilities

REPEATER PANELS
- Remote status indication
- Mimics main panel
- Ideal for security desks and control rooms

VOICE EVACUATION PANELS
- Integrated voice alarm
- Clear and instantaneous evacuation messages
- Ensures occupant safety

INDICATING EQUIPMENT

REPEATING INDICATORS
Remote indication of alarm, fault and system status.

LED ANNUNCIATORS
Clear LED display of events and system information.

GRAPHIC ANNUNCIATORS & SOFTWARE
Advanced monitoring, control and event management.

SYSTEM PRINTERS
Print real-time events and reports for record keeping.

LED MESSAGE DISPLAYS
Customizable messages for emergency instructions and alerts.

ACCESSORIES

ISOLATOR MODULES
Protects the system by isolating short circuits without affecting other zones.

INTERFACE MODULES
Enable integration with BMS, sprinklers, PA systems and other equipment.

MANUAL CALL POINTS
Allows manual activation of alarms in case of emergency.

SOUNDERS & STROBES
Provides audible and visual alarm warnings for effective alerting.

MOUNTING BOXES & ENCLOSURES
High-quality enclosures for safe and neat installations.

BATTERIES & POWER SUPPLIES
Reliable backup power ensures continuous system operation.

CERTIFIED QUALITY
All equipment complies with international fire safety standards.

TESTED & RELIABLE
Rigorously tested for long-term performance and durability.

24/7 TECHNICAL SUPPORT
Our experts are always ready to support you.

EXPERT INSTALLATION
Professional installation and commissioning by certified engineers.

FIRE DETECTION DEVICES

CORESAFE SYSTEM LIMITED
Value it! Protect it!

DETECT EARLY. RESPOND FAST. SAVE LIVES.

Coresafe offers a comprehensive range of reliable fire detection devices designed to identify fire hazards at the earliest stage and provide maximum protection for people, property and critical assets.

- **EARLY DETECTION** — Identify fire threats early to minimize risk.
- **HIGH RELIABILITY** — Advanced technology for accurate and consistent performance.
- **WIDE COMPATIBILITY** — Seamless integration with all major fire alarm systems.
- **EASY INSTALLATION & MAINTENANCE** — Designed for quick setup and long-term dependability.

- **PROTECTING LIVES**
- **SAFEGUARDING ASSETS**
- **ENSURING COMPLIANCE**

SMOKE DETECTORS

PHOTOELECTRIC SMOKE DETECTORS
- Fast response to smoldering fires
- Ideal for offices, schools, homes & corridors

IONIZATION SMOKE DETECTORS
- Quick response to flaming fires
- Ideal for industrial areas, plant rooms & more

DUAL OPTICAL / ION SMOKE DETECTORS
- Combines both technologies for superior detection
- Reduces false alarms

DUCT SMOKE DETECTORS
- Monitors airflow in HVAC ducts
- Ensures early smoke detection in ventilation systems

BEAM SMOKE DETECTORS
- Long range smoke detection
- Ideal for large open spaces & high ceilings

HEAT DETECTORS

FIXED TEMPERATURE HEAT DETECTORS
- Activates at a preset temperature
- Ideal for kitchens, garages & high dust areas

RATE-OF-RISE HEAT DETECTORS
- Detects rapid temperature increase
- Ideal for fast-changing temperature areas

FIXED TEMPERATURE & RATE-OF-RISE (COMBO)
- Combines both fixed & rate-of-rise
- Superior protection in various conditions

ADVANCED DETECTION

MULTI-SENSOR DETECTORS
Detects smoke, heat, and CO for enhanced protection and minimum false alarms.

FLAME DETECTORS
Detects UV/IR radiation from flames for fast response in high-risk areas.

ASPIRATING SMOKE DETECTION (ASD)
Early warning smoke detection for mission critical environments and sensitive areas.

DETECTION ACCESSORIES

BASES & MOUNTING BASES
Secure & reliable mounting for detectors.

REMOTE INDICATOR UNITS
Remote alarm indication for easy visibility.

END OF LINE (EOL) MODULES
Ensures system integrity & supervises wiring circuits.

ISOLATOR MODULES
Protects system loop by isolating short circuits.

SOUNDER BASES
Provides audible alarm with detection.

TEST MAGNETS
For testing detectors quickly & safely.

DUST COVERS
Protects detectors during installation or maintenance.

DETECTOR LOCKING CLIPS
Prevents unauthorized removal of detectors.

KEY BENEFITS

- Early warning for faster evacuation and response
- Reduces risk of damage to property and assets
- Enhances overall fire safety and compliance
- Suitable for all types of buildings and environments

- OFFICES
- INDUSTRIAL FACILITIES
- HOTELS & HOSPITALITY
- SCHOOLS & INSTITUTIONS
- DATA CENTERS & CRITICAL FACILITIES

- **CERTIFIED & QUALITY ASSURED** — All products are certified and comply with local & international standards.
- **RELIABLE PERFORMANCE** — Built to deliver accurate detection and long-term dependability.
- **WIDE RANGE** — Complete range of devices and accessories for every application.
- **EXPERT SUPPORT** — Professional advice, design, installation & after-sales support.

ALARM NOTIFICATION
& MANUAL & AUDIBLE & VISUAL & VOICE ALARM DEVICES

Reliable notification solutions designed to alert, inform and protect lives and property in the event of fire or emergency.

EARLY ALERT SAVES LIVES

Our range of notification devices ensure instant awareness and rapid response in any emergency situation.

MANUAL CALL POINTS
- Easy to operate
- Resettable
- EN54 Certified

AUDIBLE DEVICES
- High sound output
- Multiple tone options
- Reliable performance

VISUAL DEVICES
- High intensity LED
- Low power consumption
- Wall & ceiling options

VOICE ALARM DEVICES
- Clear voice evacuation
- Pre-recorded or live voice messages
- EN54 Compliant

ADDRESSABLE ALARM NOTIFICATION DEVICES

CONVENTIONAL ALARM NOTIFICATION DEVICES

IDEAL FOR

Commercial Buildings | Industrial Facilities | Hospitals & Clinics | Schools & Universities | Hotels & Malls | Residential Complexes

EN54 CERTIFIED
Meets International Safety Standards

HIGH RELIABILITY
Built for performance you can trust

EASY INSTALLATION
Designed for quick and seamless fitting

FIRE EXTINGUISHERS

Complete Range. Maximum Protection.

Our high-quality fire extinguishers are designed to combat different classes of fire effectively. Available in multiple types and sizes to suit every environment and risk.

TYPES OF FIRE EXTINGUISHERS

WATER EXTINGUISHERS

Effective on Class A fires involving wood, paper, textiles and other ordinary combustibles.

A

AVAILABLE FORMATS

- ✔ Portable — 6L 9L
- ✔ Wheeled — 25L 50L
- ✔ Specialized — Water Mist Backpack Units

FOAM EXTINGUISHERS

Effective on Class A & B fires involving solids and flammable liquids.

A B

AVAILABLE FORMATS

- ✔ Portable — 6L 9L
- ✔ Wheeled — 25L 50L
- ✔ Specialized — High Expansion Foam Trolley Units

DRY CHEMICAL POWDER (DCP) EXTINGUISHERS

Versatile and powerful. Effective on Class A, B & C fires and electrical equipment.

A B C

AVAILABLE FORMATS

- ✔ Portable — 1KG 2KG 4KG 6KG 9KG
- ✔ Wheeled — 25KG 50KG
- ✔ Specialized — ABC Powder Trolley Units Backpack Units

CO_2 EXTINGUISHERS

Effective on Class B & electrical fires. Clean, leaves no residue.

B

AVAILABLE FORMATS

- ✔ Portable — 2KG 5KG
- ✔ Wheeled — 22KG
- ✔ Specialized — Discharge Horn Units

WET CHEMICAL EXTINGUISHERS

Specially designed for Class F fires involving cooking oils and fats.

F

AVAILABLE FORMATS

- ✔ Portable — 6L 9L
- ✔ Wheeled — 2KG
- ✔ Specialized — Kitchen Protection Units

SPECIALIZED FIRE EXTINGUISHERS

AUTOMATIC MODULAR UNITS

Ideal for electrical panels, machinery, and enclosed spaces.

BACKPACK EXTINGUISHERS

Lightweight and portable for fast response in challenging terrains.

TROLLEY / WHEELED EXTINGUISHERS

High capacity protection for industiral and high-risk areas.

FIRE EXTINGUISHER CABINETS & STANDS

Protect your equipment and ensure easy access in emergencies.

VEHICLE MOUNTED UNITS

Specially designed for vehicles, transport and mobile assets.

MARINE EXTINGUISHERS

Corrosion resistant models built for marine and offshore use.

FIRE HYDRANT & LANDING VALVE SYSTEMS

Rapid Access. Reliable Supply. Maximum Protection.

Our Fire Hydrant & Landing Valve Systems are engineered to provide a dependable water supply for firefighting operations, ensuring quick response and effective fire control in all types of buildings and facilities.

- RELIABLE WATER SUPPLY
- RAPID RESPONSE
- CODE COMPLIANT
- BUILT FOR SAFETY

EQUIPMENT SUPPLIED

- Fire Hydrant Cabinets (Indoor & Outdoor)
- Hydrant Pillars & Underground Hydrants
- Landing Valves (Single / Double Headed)
- Hose Reels (Fixed / Swinging Arm)
- Fire Hoses (Rubber / Synthetic)
- Nozzles (Jet / Spray)
- Gate Valves, Check Valves & Butterfly Valves
- Pressure Gauges & Flow Switches
- Control Valves & Regulators
- Pipe Fittings & Accessories
- Break Glass Units & Accessories
- Signage & Identification Plates

SERVICES OFFERED

- System Design & Hydraulic Calculations
- Supply, Installation & Commissioning
- Testing & Pressure Testing
- Routine Inspection & Preventive Maintenance
- Flow Testing & Performance Evaluation
- Repairs, Retrofit & System Upgrades
- Compliance Certification & Documentation
- 24/7 Emergency Support

FIRE HOSE REEL SYSTEMS

Always Ready. Built to Protect.

Our Fire Hose Reel Systems provide immediate access to water in the event of a fire, empowering occupants to act fast and minimize damage. Designed for reliability, ease of use and long-lasting performance in all types of buildings and environments.

- IMMEDIATE FIRE RESPONSE
- DURABLE & RELIABLE
- EASY TO USE & MAINTAIN
- COMPLIANT TO FIRE STANDARDS

PRODUCTS

- Swinging Arm Hose Reel (Automatic)

- Fixed Wall Mounted Hose Reel (Manual)

- Semi-Automatic Hose Reel

- Recessed Hose Reel Cabinet (Mild Steel)

- Fire Hose Pipe (1", 1½", 2")

- Landing Valve (Angle Type)

- Jet / Spray Nozzle (Brass)

FEATURES

- High quality, corrosion resistant materials
- Smooth reel operation for quick deployment
- Available in various sizes: 25m, 30m & 36m
- Suitable for indoor & outdoor installations
- Comes with hose, nozzle, valve & mounting bracket
- Powder coated finish for long life

IDEAL FOR

- Commercial Buildings
- Residential Properties
- Hospitals
- Hotels
- Schools & Institutions
- Factories & Warehouses
- Shopping Malls
- Parking Areas

FIRE SPRINKLER SYSTEMS

Automatic Protection. Reliable. Proven.

Our Fire Sprinkler Systems are engineered to detect and suppress fire quickly and automatically, helping to protect lives, property and critical assets. Designed, installed and maintained in accordance with international standards for maximum reliability and performance.

- EARLY FIRE SUPPRESSION
- MINIMIZES DAMAGE & DOWNTIME
- COMPLIANT WITH GLOBAL STANDARDS
- LOW MAINTENANCE & HIGH RELIABILITY

SPRINKLER TYPES

SIDEWALL SPRINKLER
Installed on walls or around obstructions. Ideal for corridors and small spaces.

PENDENT SPRINKLER
The most common sprinkler type for general purpose applications.

UPRIGHT SPRINKLER
Installed on floors or ceilings where pipes are exposed to heat.

CONCEALED SPRINKLER
Provides a clean, aesthetically pleasing look by concealing the sprinkler.

QUICK RESPONSE SPRINKLER
Activates faster to control fast growing fires.

MULTI-PURPOSE SPRINKLER
Suitable for both light and ordinary hazard occupancies.

SYSTEM COMPONENTS

FIRE PUMP
Provides the required water pressure and flow to the system.

ALARM VALVE
Detects flow in the system and triggers the alarm and water flow.

CONTROL VALVE
Controls water flow to the system during normal operation.

PRESSURE TANK
Maintains system pressure and reduces pump cycling.

FIRE HOSE REEL
Provides additional firefighting capability with quick access.

WATERFLOW SWITCH
Senses water flow and sends signal to fire alarm panel.

PRESSURE GAUGE
Monitors system pressure for optimal performance.

CHECK VALVE
Prevents backflow and maintains water flow direction.

PIPE & FITTINGS
High quality pipes and fittings for secure and leak-proof system.

HANGERS & BRACKETS
Supports piping system and ensures structural stability.

ESCUTCHEON PLATE
Provides a finished look and protects ceiling opening.

FIRE ALARM PANEL
Receives signals and alerts occupants in case of fire.

- FAST AUTOMATIC RESPONSE
- PROTECTS LIVES, PROPERTY & ASSETS
- REDUCES FIRE DAMAGE & BUSINESS LOSS
- SUITABLE FOR ALL TYPES OF BUILDINGS

CORESAFE SYSTEM LIMITED

Value it! Protect it!

SPRINKLER SYSTEM CONFIGURATIONS

Reliable. Efficient. Compliant. Built to Save Lives and Protect Assets.

ENGINEERED PROTECTION FOR EVERY RISK

01 WET PIPE SYSTEM

Most common system with pipes filled with water. Water is discharged immediately when a sprinkler head activates.

02 DRY PIPE SYSTEM

Pipes are filled with pressurized air or gas. Water enters the system and is discharged after a sprinkler head activates.

03 PRE-ACTION SYSTEM

Combines the benefits of wet and dry systems. Water is released only after a two-step detection process, reducing false alarms.

04 DELUGE SYSTEM

Open sprinklers connected to a piping system. Water is discharged from all sprinklers simultaneously upon detection.

05 WATER MIST SYSTEMS

Uses high-pressure water mist to control or suppress fire while using significantly less water. Ideal for sensitive areas.

06 ASSOCIATED SERVICES

- System Design & Engineering
- Supply & Installation
- Testing & Commissioning
- Inspection & Maintenance
- Upgrades & Retrofits

TAILORED SOLUTIONS. MAXIMUM PROTECTION.

WHY CHOOSE OUR SPRINKLER SYSTEMS?

- Compliant with NFPA & international standards
- High quality components for long term reliability
- Expert installation by certified professionals
- Regular maintenance for optimal performance
- Solutions for all building types and industries

FIRE PUMP SYSTEMS & PUMP SETS

POWERING PROTECTION. DELIVERING RELIABILITY.

Our Fire Pump Systems are engineered to deliver consistent water pressure and flow for fire protection systems in all types of buildings and facilities.

- NFPA 20 COMPLIANT
- HIGH RELIABILITY
- 24/7 PERFORMANCE
- EXPERT SUPPORT

OUR FIRE PUMP SOLUTIONS

- Complete Fire Pump System Design & Engineering
- Supply of Fire Pump Sets & Accessories
- Installation & Commissioning
- Testing & Performance Certification
- Routine Inspection, Maintenance & Servicing
- System Upgrades & Retrofits

TYPES OF FIRE PUMP SETS WE SUPPLY

ELECTRIC FIRE PUMP SETS

Reliable and efficient pumps powered by electric motors. Ideal for facilities with stable power supply.

DIESEL FIRE PUMP SETS

Engine-driven pumps for uninterrupted performance during power outages or emergencies.

JOCKEY PUMP SETS

Maintains system pressure and prevents false alarms by compensating for minor pressure drops.

SPLIT CASE & END SUCTION PUMPS

High performance pumps suitable for a wide range of fire protection applications.

APPLICATIONS

- Commercial Buildings
- Industrial Facilities
- Residential Complexes
- Hospitals
- Shopping Malls
- Warehouses & Logistics
- Schools & Institutions
- Oil & Gas Installations

WHY CHOOSE CORESAFE SYSTEM LTD?

- Quality products from trusted manufacturers
- Systems designed to NFPA 20 standards
- Professional installation by certified technicians
- Reliable after-sales support & maintenance
- Custom solutions tailored to your needs

FIRE WATER TANKS & STORAGE SYSTEMS

RELIABLE WATER RESERVE. READY WHEN EVERY SECOND COUNTS.

Our fire water tanks and storage systems are designed and built to ensure a dependable supply of water for fire protection in any emergency. Engineered for durability, efficiency and compliance with international standards.

BUILT FOR SAFETY.
BUILT TO LAST.
BUILT TO PROTECT.

OUR TANKS & SYSTEMS

- Underground, Overground & Modular Panel Tanks
- Steel & GRP (Glass Reinforced Plastic) Tanks
- Capacity from 10,000L to several million liters
- Custom Design & Fabrication to Client Requirements
- Compliant with NFPA, BS EN, FM Global & Local Standards
- Accessories: Level Indicators, Overflow, Drain, Vent, Inlet, Outlet, Manholes & Ladders

KEY BENEFITS

RELIABLE WATER SUPPLY
Ensures adequate water is available for fire fighting at all times.

DURABLE & CORROSION RESISTANT
Built with high-quality materials for long service life and minimal maintenance.

CUSTOMIZABLE SOLUTIONS
Designed to suit your site, capacity and system requirements.

EASY INSTALLATION & MAINTENANCE
Engineered for quick installation and easy access for inspection.

BUILT TO MEET GLOBAL STANDARDS

CORESAFE SYSTEM
LIMITED
Value it! Protect it!

SPECIAL HAZARD
FIRE SUPPRESSION

PROTECTING WHAT MATTERS MOST

CLEAN AGENT SYSTEMS

Advanced clean agent fire suppression systems designed to protect people, critical equipment and valuable assets. These systems extinguish fire quickly and safely without leaving residue, minimizing downtime and protecting business continuity.

APPLICATIONS

DATA CENTERS
Protects servers, storage systems and network infrastructure.

IT & TELECOM ROOMS
Safeguards critical communication and IT equipment.

CONTROL ROOMS
Ideal for industrial control and monitoring environments.

ELECTRICAL ROOMS
Protects switchgear, panels, transformers and electrical installations.

MUSEUMS & ARCHIVES
Preserves irreplaceable documents, artifacts and historical items.

LABORATORIES & HOSPITALS
Ensures safety in sensitive environments with minimal disruption.

SAFE FOR PEOPLE
Low toxicity and safe when used as designed.

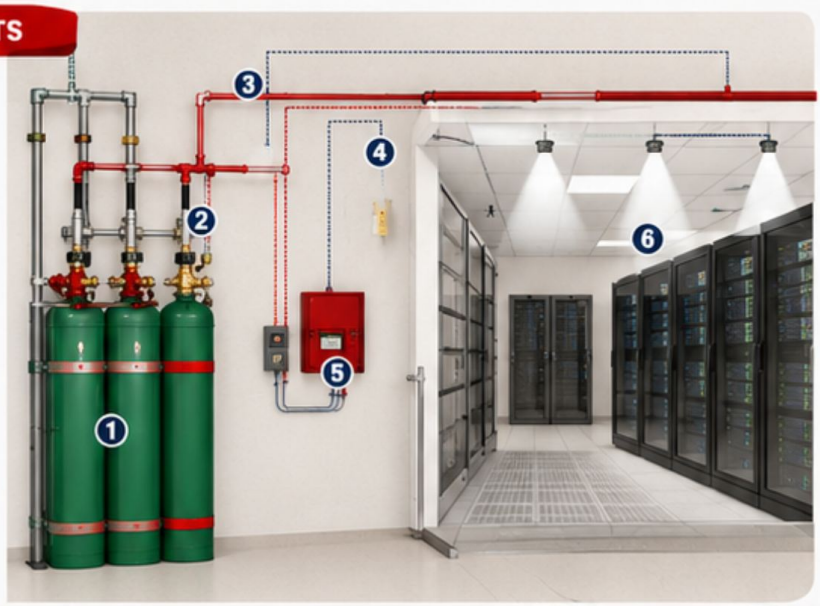

CLEAN & RESIDUE FREE
No mess, no corrosion, no post-cleanup.

FAST & EFFECTIVE
Extinguishes fire in seconds.

RELIABLE PROTECTION
Trusted performance for critical environments.

SYSTEM COMPONENTS

1. **CLEAN AGENT CYLINDERS** — Stores the clean agent under pressure.
2. **CYLINDER VALVES** — High quality valves for safe and reliable discharge.
3. **DISTRIBUTION MANIFOLD** — Piping system that directs the agent to the protected area.
4. **DETECTION SYSTEM** — Early smoke or heat detection for automatic activation.
5. **RELEASE CONTROL PANEL** — The brain of the system that monitors and controls operation.
6. **DISCHARGE NOZZLES** — Distributes the clean agent evenly into the protected area.

CLEAN AGENT OPTIONS

FM-200® (HFC-227ea)
Highly effective with zero ozone depletion potential.

NOVEC™ 1230
Environmentally friendly and safe for occupied spaces.

INERGEN® (IG-541)
Natural gas blend, safe for people and the environment.

CO_2 SYSTEMS
Ideal for unoccupied areas and total flooding applications.

NON-FLAMMABLE GAS 2

CLEAN AGENT PROTECTION

Advanced Protection.
Zero Residue. Total Confidence.

AEROSOL FIRE SUPPRESSION

FAST. CLEAN. COMPACT. EFFECTIVE.

Aerosol fire suppression systems provide highly effective, compact and maintenance-free fire protection for enclosed and semi-enclosed spaces.

RAPID FIRE KNOCKDOWN
Disrupts the chemical chain reaction to quickly suppress fire.

CLEAN & SAFE
Leaves no residue, non-toxic and safe for people & equipment.

EASY INSTALLATION
Compact, lightweight and easy to install with minimal space.

RELIABLE PERFORMANCE
No pressure vessels, no piping, nozzles or complex infrastructure.

LOW MAINTENANCE
Long-life system with no routine servicing required.

PROTECTS WHAT MATTERS MOST
- People
- Property
- Critical Equipment
- Business Continuity

ECO
ENVIRONMENTALLY FRIENDLY

ELECTRICALLY ACTIVATED

AUTONOMOUS OPERATION

HOW IT WORKS

1. Fire Detected
2. Aerosol Generator Activated
3. Aerosol Discharged & Dispersed
4. Fire Suppressed Fast & Effectively

IDEAL FOR PROTECTING

SERVER RACKS & DATA CENTERS

ELECTRICAL PANELS & DISTRIBUTION BOARDS

TELECOM & COMMUNICATION CABINETS

UPS & BATTERY ROOMS

INDUSTRIAL MACHINES & ENCLOSED EQUIPMENT

GENERATOR SETS & POWER PLANTS

COMPACT & SPACE SAVING
Small size for easy integration.

NO PIPING NO PRESSURE
Cost-effective & easy to deploy.

25 YEARS SHELF LIFE
Long-lasting protection you can trust.

GLOBALLY CERTIFIED
Tested to international standards.

SMART & AUTONOMOUS
Works automatically without power.

COMMERCIAL KITCHEN FIRE PROTECTION

DETECT. SUPPRESS. PROTECT.
KEEP YOUR KITCHEN SAFE & YOUR BUSINESS RUNNING.

Specially engineered fire suppression systems for commercial kitchens that quickly detect and extinguish fires caused by cooking oils, fats and high heat—protecting your staff, property and business.

RAPID FIRE SUPPRESSION
Quickly controls fires before they spread.

PROTECTS WHAT MATTERS MOST
People, property and business continuity.

BUILT FOR COMMERCIAL KITCHENS
Engineered to withstand high heat, grease & tough environments.

CLEAN & SAFE SOLUTION
Minimizes damage and ensures a safer kitchen.

EASY TO MAINTAIN & RELIABLE
Low maintenance with long-term reliability.

OUR KITCHEN FIRE PROTECTION SYSTEM

- Heat & flame detection
- Automatic activation
- Targeted agent discharge
- Fast knockdown of fire
- Helps prevent re-ignition
- Meets international standards

SYSTEM COMPONENTS

DETECTION SYSTEM
Heat/Flame detectors monitor high-risk areas.

AGENT DELIVERY SYSTEM
Specialized nozzles distribute agent directly to the fire source.

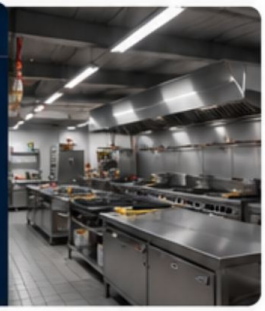

CONTROL PANEL
Automatic control system ensures fast & reliable activation.

CLEAN AGENT CYLINDER
Stores the fire suppression agent ready for instant release.

IDEAL FOR PROTECTING

- Restaurant Kitchens
- Hotels & Hospitality
- Catering Services
- Fast Food Outlets
- Institutional Kitchens
- Food Processing Areas

WHY CHOOSE CORESAFE SYSTEM LIMITED?

EXPERTISE YOU CAN TRUST
Years of experience in fire protection solutions.

QUALITY EQUIPMENT
Reliable, certified & globally recognized systems.

CUSTOMIZED SOLUTIONS
Tailored to your kitchen layout & risk profile.

AFTER-SALES SUPPORT
Maintenance, inspection and support when you need it.

SAFETY ASSURED
Your safety is our commitment.

FAST FIRE DETECTION & SUPPRESSION | MINIMAL DAMAGE MAXIMUM SAFETY | COMPLIANT WITH GLOBAL STANDARDS | PROTECTING KITCHENS. PROTECTING LIVELIHOODS.

FOAM FIRE FIGHTING SYSTEMS

Fast. Effective. Reliable.

POWERFUL SUPPRESSION. SUPERIOR PROTECTION.

Our Foam Fire Fighting Systems are designed to quickly suppress **Class A & B fires** by creating a blanket of foam that seals the fuel surface, prevents re-ignition and cools the fire.

Ideal for high-risk environments where flammable liquids are stored, handled or processed.

KEY FEATURES

- Rapid knockdown and extinguishment
- Effective on Class A (ordinary combustibles) & Class B (flammable liquids) fires
- Compatible with various foam concentrates
- Automatic and manual operation options
- Durable, corrosion-resistant components
- Fully compliant with international fire safety standards

TYPICAL APPLICATIONS

- Petroleum & Oil Storage Facilities
- Fuel Handling & Loading Areas
- Chemical & Petrochemical Plants
- Aircraft Hangars & Aviation Facilities
- Marine & Offshore Installations
- Flammable Liquid Storage Areas
- Industrial & Commercial Facilities

OUR FOAM SYSTEMS INCLUDE

BLADDER TANK SYSTEMS

Reliable foam storage for consistent performance

PROPORTIONING SYSTEMS

Accurate foam concentrate proportioning for effective suppression

FOAM MONITORS & BRANCHPIPES

High-performance discharge for large hazard areas

FOAM NOZZLES & MAKERS

Efficient foam application for maximum fire coverage

FAST FIRE SUPPRESSION | REDUCES RE-IGNITION RISK | PROTECTS LIFE, PROPERTY & ASSETS | ENGINEERED FOR HIGH-RISK ENVIRONMENTS | LOW MAINTENANCE & HIGH RELIABILITY

FIRE CONTAINMENT & PASSIVE PROTECTION

PRODUCTS AND SERVICES

Stopping fire. Containing risk. Protecting what matters.

Passive fire protection is essential in containing fire, smoke, and heat, buying valuable time for evacuation and minimizing damage. We supply high-quality, tested, and certified fire containment solutions that meet international standards.

OUR FIRE CONTAINMENT & PASSIVE PROTECTION SOLUTIONS

FIRE RATED DOORS

- Certified fire resistance
- Steel & timber options
- Up to 240 minutes integrity
- Tested to BS & EN standards

FIRE STOPPING SYSTEMS

- Cable & pipe penetration seals
- Fire stopping for walls, floors & ceilings
- Fire resistant sealants, mortar & collars
- Tested to BS 476, EN 1366

FIRE RATED DUCTWORK

- Fire resistant duct systems
- Fire rated access panels
- Duct insulation
- Smoke & fire containment

STRUCTURAL FIRE PROTECTION

- Intumescent coatings
- Cementitious spray
- Fire wraps & boards
- Steel & timber protection

FIRE RATED WALLS & PARTITIONS

- Fire rated drywall systems
- Fire resistant boards
- Shaftwall systems
- Up to 240 minutes rating

FIRE PROTECTION ACCESSORIES

- Fire collars & wraps
- Pillows & putty pads
- Fire blankets & mats
- Intumescent strips & tapes

KEY BENEFITS

- CONTAINS FIRE, SMOKE & HEAT
- BUYS TIME FOR SAFE EVACUATION
- PROTECTS LIVES, PROPERTY & ASSETS
- COMPLIES WITH FIRE SAFETY CODES

All our passive fire protection solutions are tested, certified and installed in accordance with local & international standards.

EXIT ACCESSORIES

IDEAL FOR

- Commercial Buildings
- Industrial Facilities
- Hospitals & Healthcare
- Schools & Universities
- Hotels & Hospitality
- Shopping Malls & Public Spaces

OBJECTIVES

- Ensure safe evacuation by providing reliable illumination during power failure or emergencies.
- Mark exit routes clearly to guide occupants to safety.
- Reduce panic and confusion during emergencies.
- Comply with local and international safety regulations and standards.
- Provide energy-efficient, durable and low-maintenance emergency lighting solutions.
- Protect lives, property and business continuity.

FIRE SAFETY INSPECTION & MAINTENANCE

Reliability Today. Protection Tomorrow.

Regular inspection and professional maintenance ensure your fire safety systems are always ready to protect lives, property and your business.

COMPLIANCE ASSURED
Meet legal and regulatory requirements.

PREVENT DOWNTIME
Early detection avoids system failures.

PROTECT LIVES & ASSETS
Reliable systems mean better protection.

PEACE OF MIND
Stay confident knowing you are protected.

OUR SERVICES INCLUDE

- FIRE EXTINGUISHER INSPECTION & REFILLING
- FIRE ALARM SYSTEM TESTING & MAINTENANCE
- EMERGENCY LIGHTING INSPECTION
- FIRE HOSE REEL INSPECTION & TESTING
- SPRINKLER SYSTEM INSPECTION & TESTING
- FIRE PUMP INSPECTION & TESTING
- SMOKE & HEAT DETECTOR TESTING
- FIRE RISK ASSESSMENT & REPORTING

OUR MAINTENANCE PROCESS

1. **INSPECT** — We check all systems thoroughly.
2. **TEST** — We test for performance and reliability.
3. **REPORT** — We provide detailed report and findings.
4. **RECOMMEND** — We advise improvements if needed.
5. **MAINTAIN** — We service to keep you protected.

FIRE RISK ASSESSMENT & AUDITING

IDENTIFY. EVALUATE. REDUCE. PROTECT.

Our Fire Risk Assessment and Auditing services help you identify potential fire hazards, evaluate risks and implement effective control measures to safeguard people, property and ensure regulatory compliance.

IDENTIFY HAZARDS
Detect fire hazards before they become dangerous.

REDUCE RISKS
Evaluate and prioritize risks to minimize fire threats.

ENSURE COMPLIANCE
Meet legal and regulatory fire safety requirements.

PROTECT LIVES & ASSETS
Create safer environments and protect what matters most.

OUR ASSESSMENT PROCESS

1. **PLAN** — Understand your premises and activities.
2. **IDENTIFY HAZARDS** — Identify potential fire hazards and sources of ignition.
3. **ANALYZE RISKS** — Assess risks based on likelihood and potential impact.
4. **EVALUATE CONTROLS** — Review existing controls and their effectiveness.
5. **RECOMMEND & REPORT** — Provide actionable recommendations and detailed report.

WHAT WE ASSESS

Fire Detection & Alarm Systems	Fire Fighting Equipment	Emergency Exits & Escape Routes	Electrical Installations	Storage of Flammable Materials
Building Construction Features	Occupant Load & Evacuation	Housekeeping & Maintenance	Hot Work Activities	Management Systems & Procedures

OUR DELIVERABLES

- ✓ Detailed Fire Risk Assessment Report
- ✓ Risk Rating & Priority Matrix
- ✓ Photographic Evidence
- ✓ Compliance Gap Analysis
- ✓ Recommended Control Measures
- ✓ Action Plan & Timeline
- ✓ Follow-up Support

RISK RATING GUIDE

RISK LEVEL	DESCRIPTION	ACTION REQUIRED	COLOR
HIGH	Unacceptable risk. Immediate action required.	Implement controls immediately.	Red
MEDIUM	Moderate risk. Action required soon.	Implement controls as soon as practicable.	Amber
LOW	Low risk. Monitor and maintain.	Maintain controls and review periodically.	Green

WHY CHOOSE CORESAFE SYSTEM LIMITED?

- Certified & Experienced Assessors
- Comprehensive & Practical Approach
- Up-to-date with Laws & Industry Standards
- Clear Reports & Actionable Recommendations
- Post Assessment Support & Follow-up

FROM CONCEPT TO COMMISSIONING

COMPLETE FIRE SAFETY SOLUTIONS

We deliver end-to-end fire protection solutions tailored to your needs – from initial idea to fully operational systems.

CUSTOMIZED SOLUTIONS
Designed around your building, risks & budget.

EXPERT ENGINEERING
Industry standard designs & compliance.

QUALITY INSTALLATION
Using certified materials & skilled teams.

RELIABLE COMMISSIONING
Tested, verified & ready to protect what matters.

OUR END-TO-END PROCESS

1. **CONSULT & ASSESS**
We understand your needs, evaluate risks & site conditions.

2. **DESIGN & ENGINEERING**
We create smart, code-compliant fire safety designs and drawings.

3. **PLANNING & APPROVALS**
We prepare documents, BOQs & assist in approvals and compliance.

4. **SUPPLY & PROCUREMENT**
We source high-quality, certified equipment from trusted manufacturers.

5. **INSTALLATION & INTEGRATION**
Professional installation with strict adherence to standards & best practices.

6. **TESTING & COMMISSIONING**
We test, verify & commission systems for optimal performance.

7. **HANDOVER & SUPPORT**
We handover with full documentation & provide ongoing support.

SYSTEMS WE DELIVER

- FIRE ALARM SYSTEMS
- FIRE SUPPRESSION SYSTEMS
- FIRE HYDRANT SYSTEMS
- SPRINKLER SYSTEMS
- EMERGENCY LIGHTING
- DETECTION SYSTEMS
- GAS DETECTION & ALARM SYSTEMS
- SPECIAL HAZARD SYSTEMS

DESIGN · SUPPLY · INSTALL · TEST · COMMISSION

ONE PARTNER. TOTAL PROTECTION.

COMPLIANCE FOCUSED
We ensure full adherence to local & international standards.

ON-TIME DELIVERY
We plan, coordinate & deliver on schedule.

COST EFFECTIVE
Optimized solutions that offer maximum value.

QUALITY ASSURED
Tested systems, durable equipment, trusted brands.

AFTER-SALES SUPPORT
We stay with you beyond handover for total peace of mind.

IDEA TO IMPLEMENTATION. PROTECTION THAT PERFORMS.

PROFESSIONAL INSTALLATION SERVICES

EXPERT INSTALLATION. MAXIMUM PROTECTION.

At CORESAFE SYSTEM LIMITED, we deliver end-to-end installation services for all types of fire safety systems. Our certified team ensures precision, compliance, and reliability—every time.

BUILT TO PROTECT. INSTALLED TO LAST.

- **CERTIFIED EXPERTS** — Trained & experienced installation professionals
- **CODE COMPLIANT** — Installations in line with local & international standards
- **ON-TIME DELIVERY** — Efficient project execution & timely completion
- **QUALITY ASSURED** — High-quality materials & workmanship guaranteed

OUR INSTALLATION SERVICES

FIRE ALARM SYSTEM INSTALLATION
Reliable detection.
Timely alerts.

AUTOMATIC SPRINKLER SYSTEM INSTALLATION
Early suppression.
Maximum safety.

FIRE HOSE REEL INSTALLATION
Ready. Accessible.
Effective.

FIRE EXTINGUISHER INSTALLATION
Proper placement.
Quick response.

SMOKE & HEAT DETECTOR INSTALLATION
Smart detection.
Total coverage.

EMERGENCY LIGHT & EXIT SIGN INSTALLATION
Guidance in emergencies.
Always visible.

FIRE PUMP SYSTEM INSTALLATION
Dependable water supply.
Uninterrupted protection.

GAS SUPPRESSION SYSTEM INSTALLATION
Clean agent. Fast action.
Minimal damage.

WHY CHOOSE CORESAFE SYSTEM LIMITED?

- End-to-end project management
- Site assessment & professional design
- Quality materials & advanced tools
- Strict adherence to safety standards
- After-installation testing & handover

OUR INSTALLATION PROCESS

1. **SITE SURVEY** — We assess your site & requirements
2. **SYSTEM DESIGN** — Customized design for optimal safety
3. **PROFESSIONAL INSTALLATION** — Expert installation with precision
4. **TESTING & COMMISSIONING** — Rigorous testing for reliability
5. **HANDOVER & SUPPORT** — Complete handover & ongoing support

TESTING, COMMISSIONING & HANDOVER

VERIFIED TODAY. RELIABLE TOMORROW.

We ensure every fire safety system is tested, commissioned and handed over to meet the highest safety standards and give you complete peace of mind.

OUR TESTING & COMMISSIONING SERVICES

- **FIRE ALARM SYSTEM** — Testing & Functional Verification
- **FIRE EXTINGUISHERS** — Inspection & Pressure Check
- **FIRE HOSE REEL SYSTEM** — Pressure & Flow Testing
- **FIRE PUMP SYSTEM** — Performance & Operational Testing
- **SPRINKLER SYSTEM** — Hydrostatic & Functional Testing
- **EMERGENCY LIGHTING** — Duration & Functional Testing
- **SMOKE & HEAT DETECTORS** — Sensitivity & Functional Testing
- **EXIT & SAFETY SIGNS** — Illumination & Visibility Testing

OUR COMMISSIONING PROCESS

1. **PRE-INSPECTION** — Review design, drawings & requirements
2. **TESTING** — Perform all functional & performance tests
3. **VERIFICATION** — Verify results against standards & specifications
4. **DOCUMENTATION** — Prepare test reports & system certification
5. **HANDOVER** — Client briefing, training & official handover

DOCUMENTATION WE PROVIDE

- ☑ Test Certificates
- ☑ Commissioning Reports
- ☑ Compliance Certificates
- ☑ Operation & Maintenance Manuals
- ☑ As-Built Drawings & Records
- ☑ System Handover Certificate

WHY IT MATTERS

- **ENSURES COMPLIANCE** — Meets legal & regulatory requirements.
- **MAXIMIZES RELIABILITY** — Confirms systems work when needed.
- **REDUCES RISK** — Identifies & resolves issues early.
- **PEACE OF MIND** — Quality assurance you can trust.

TESTED. CERTIFIED. TRUSTED.

SAFETY YOU CAN RELY ON.

STANDARDS WE FOLLOW

- NFPA — NATIONAL FIRE PROTECTION ASSOCIATION
- BS — BRITISH STANDARDS
- ISO — INTERNATIONAL STANDARDS
- LOCAL & REGULATORY REQUIREMENTS

PROFESSIONAL TESTING. PRECISE COMMISSIONING. SAFE HANDOVER.

INDUSTRIES WE SERVE

FIRE PROTECTION ACROSS MULTIPLE SECTORS

Every industry faces unique fire risks. Coresafe System Ltd delivers customized fire safety solutions that protect people, assets, and business continuity.

COMMERCIAL BUILDINGS

Offices, corporate buildings, and business centers. Protecting people, operations, and critical assets.

INDUSTRIAL FACILITIES

Factories, plants, and processing units. Solutions for high-risk industrial environments.

HEALTHCARE FACILITIES

Hospitals, clinics, and laboratories. Protecting lives, sensitive equipment and data.

EDUCATIONAL INSTITUTIONS

Schools, colleges, and universities. Ensuring a safe learning environment for all.

HOSPITALITY & LEISURE

Hotels, resorts, and entertainment venues. Guest safety and reputation safeguarded.

RETAIL & SHOPPING CENTERS

Malls, stores, and retail complexes. Minimizing risk, maximizing business continuity.

WAREHOUSES & LOGISTICS

Storage facilities and distribution centers. Early detection, rapid response, maximum protection.

RESIDENTIAL COMPLEXES

Apartments, gated communities, and high-rise buildings. Safety you can trust, every day.

DATA CENTERS & IT FACILITIES

Mission-critical infrastructure requires advanced detection and clean agent solutions.

GOVERNMENT & PUBLIC SECTOR

Government offices, public utilities, and critical infrastructure. Protecting national assets.

TRANSPORTATION HUBS

Airports, bus terminals, railways, and stations. Keeping travelers and operations safe.

ENERGY & UTILITIES

Power plants, substations, and utility facilities. Fire safety for uninterrupted power and performance.

ONE MISSION.
EVERY INDUSTRY.
TOTAL PROTECTION.

Tailored Solutions
Customized fire safety systems for every industry challenge.

Compliance Assured
All systems meet local and international safety standards.

24/7 End-to-End Support
From design and installation to maintenance and upgrades.

Protecting What Matters Most
Lives. Assets. Operations. Reputation. Always.

BUILD A FIRE-SAFE CULTURE

Awareness today. Preparedness always. Protection for life.

A fire-safe culture goes beyond equipment. It's about people, processes, and responsibility working together to prevent fires, minimize risks, and save lives.

WHY IT MATTERS

PROTECT PEOPLE
A culture of safety prioritizes lives and well-being.

PROTECT ASSETS
Prevent damage, downtime, and financial loss.

ENSURE COMPLIANCE
Meet legal requirements and industry standards.

BUILD TRUST
Demonstrate responsibility to clients, partners, and communities.

THE PILLARS OF A FIRE-SAFE CULTURE

LEADERSHIP COMMITMENT
Strong leadership drives safety priorities, provides resources, and sets the example.

AWARENESS & TRAINING
Knowledge empowers people to prevent fires and respond confidently.

CLEAR POLICIES & PROCEDURES
Documented processes ensure everyone knows their role before, during, and after an incident.

RISK AWARENESS
Identify hazards, assess risks, and take action before they become threats.

CONTINUOUS IMPROVEMENT
Review, learn, and improve systems and behavior every day.

WHAT WE HELP YOU ACHIEVE

- Fire Prevention at Every Level
- Prepared & Trained Teams
- Fast & Effective Response
- Business Continuity
- A Safer Tomorrow for Everyone

OUR CULTURE-BUILDING SOLUTIONS

- ☑ Fire Safety Training & Drills
- ☑ Fire Risk Assessments
- ☑ Emergency Response Planning
- ☑ Safety Signage & Communication
- ☑ Regular Inspections & Audits
- ☑ Maintenance of Fire Systems
- ☑ Awareness Campaigns
- ☑ Compliance & Documentation Support

"Safety is not a slogan.
It's a way of life.
Make it your culture.
Make it last.

EVERYONE HAS A ROLE TO PLAY

MANAGEMENT
Provide leadership, resources and support.

EMPLOYEES
Follow procedures, stay alert and speak up.

TOGETHER
We create a safer workplace and protect what matters most.

A STRONG FIRE-SAFE CULTURE STARTS WITH YOU.
LET'S BUILD IT. TOGETHER.

AWARE | PREPARED | RESPONSIBLE | PROTECTED
